## Academic Ability and Achievement (AAA) Levels

Academia uses a system of Academic Ability and Achievement (AAA) levels to tailor the curriculum to your child's needs. The AAA system is flexible and responsive to your child's level of linguistic ability, cognition and overall psychoemotional maturity level.

"Foundation" tutorials represent a foundational programme open to P1 and P2 students. They are designed to build the requisite language foundation while cultivating a deep interest in language skills.

"L2 Gifted" tutorials are pitched above our normal L2 level, which are already pitched at a high level. They are suitable for GEP and high-ability students.

"L1 Gifted" tutorials are for P3 students who aspire to enter the GEP or similar second-tier programmes; they are also suitable for advanced P4 students.

Please note that some classes may be full or have a waiting list. Confirmation of a place for your child is contingent upon payment of the full termly fees.
