### Academic Ability and Achievement (AAA) Levels

Academia uses a system of Academic Ability and Achievement (AAA) levels to tailor the curriculum to your child's needs. The AAA system is flexible and responsive to your child's level of linguistic ability, cognition and overall psychoemotional maturity level.

"Foundation" tutorials represent a foundational programme open to P1 and P2 students. They are designed to build the requisite language foundation while cultivating a deep interest in language skills.

"L1 Gifted" tutorials are pitched for P3 students intent on GEP selection test and mainstream P4 students with advanced English.

"L2 Gifted" tutorials are pitched for P4 and P5 GEP Students and mainstream P5 students with advanced English.

PWL Lessons are Post-Week Lessons following the previous week's cycle. They are identical to non-PWL classes in all other respects.

Please note that some classes may be full or have a waiting list. Confirmation of a place for your child is contingent upon payment of the full termly fees.
